REASONS FOR ALLOWANCE

Action Background

1. This action is responsive to the Request for Continued Examination, filed on 5/7/2010.
2. Applicant has amended claims 17-19, 23 and 29; and added new claims 38-45. Claims 1-16, 22, 30 and 32-37 are canceled.
3. Claims 17-21, 23-29, 31 and 38-45 are pending in the case; claims 17, 29 and 38 are independent claims.
4. A request for continued examination filed under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after a final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office Action (dated 1/7/2010) has been withdrawn pursuant to 37 CFR 1.114.
5. The examiner's rejection of claims 22 and 32-37, rejected as described in the office action dated 1/7/2010, is withdrawn in view of the canceled claims.
6. The examiner's rejection of claims 17-21, 23-29 and 31, rejected as described in the office action dated 1/7/2010, is withdrawn in view of the amendment to the claims.

Reasons for Allowance

7. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 17, 29 and 38, the prior art of record neither anticipates nor suggests to a person of ordinary skill, at the time the invention was made, the claimed method for generating a document, where one or more computers are programmed to perform steps of receiving a document template; receiving content data; combining the document template and the content data to generate a document in a first context, wherein the document comprises a relative uniform resource locator (URL) that is relative to a first site base associated with the first context of the document; receiving a request to publish the document to a second context associated with a second site base; modifying the relative URL such that it is relative to the second site base associated with the second context; and publishing the document, including the modified relative URL, to the second context.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory J. Vaughn whose telephone number is (571) 272-4131. The examiner can normally be reached Monday to Friday from 8:00 am to 5:00 pm.
